## THE TEAS 5.25

We serve custom-crafted tea blends from The Brew Lab Tea in New York City.

All of our teas use only real, whole, natural herbs and spices.

### English Breakfast

*Classic, caffeinated blend created from a blend of black teas from China and India.*

### Ginger Chamomile

*This tisane is caffeine-free. Chamomile has light, sweet, floral notes, and the flavor is kicked up with warm, spicy ginger*

### Genmai Cha

*This traditional green tea includes popped corn, lending a nutty, earthy flavor.*

### Lemon Verbena Peppermint

*This tisane is caffeine free, and is light and clean, with a mint flavor.*

### White Tea with Hibiscus and Pomegranate

*White tea is rich in antioxidants - this blend has natural sweetness due to pomegranate, and a lovely tart finish from the hibiscus*
